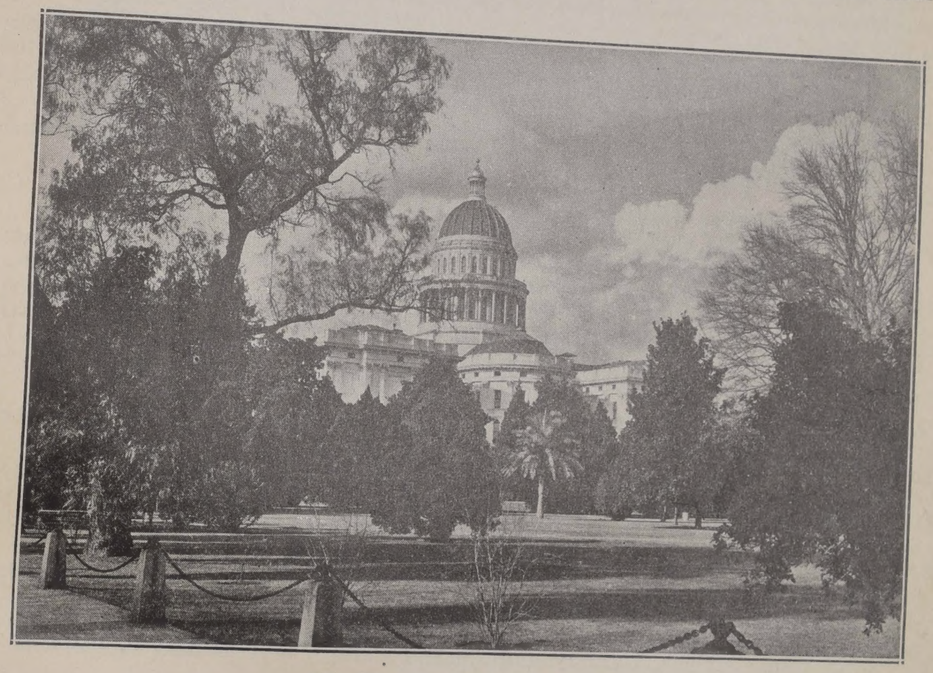
# SACRAMENTO

SACRAMENTO, the "Heart of California" and the capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber producing area of California. With a background of history closely entwined with some of the great epochal events in the civilization and development of the Pacific Coast, Sacramento through her years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

The close of the year 1933 marked an eleven-year period of development not matched by any previous twenty-year period in the history of the city. This was due to the splendid development of the Sacramento Valley and mountain counties, to the growth of Sacramento as a commercial and manufacturing center, and to the program of nunicipal improvements undertaken by the citizens themselves through the municipal government. Under the business-like regime of the City Manager-Council form of



STATE CAPITOL BUILDING

government, which has been in force since June 30, 1921, more than $81,000,000 was expended in building permits, bond funds, municipal budgets and allied activities.

Sacramento has graduated from the class of the ordinary capital city to a thrifty metropolis of 99,376.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of fourteen square miles. The climate is semi-tropic, with an average mean annual temperature of sixty degrees, and an annual average rainfall of 17.95 inches (U. S. Weather Bureau 50-year record).

Sacramento's most notable beauty is in its wide tree-lined streets and its 1204 acres of municipal parks. No city in the West equals this city in number of street trees, cared for and protected by the city government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the United States.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a state museum, housing a priceless exhibit of relics of pioneer days; Crocker Art Gallery, one of the largest and most

valuable art collections in the West; and the $12,000,000 group of Capitol buildings, surrounded by a 40-acre state park world-famed for its beauty and the more than one thousand varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's school system is recognized as one of the best in a state noted for its educational progress, with a $1,500,000 high school and a $600,000 Junior College typical of its outstanding excellence. On the Junior College Campus was erected in 1928 a splendid stadium, cost $175,000 and seating 23,000. In 1932, the City of Sacramento voted $1,146,000 in bonds for the construction of 3 new Junior High School buildings. All have now been completed.

Sacramento's Junior College ranks in point of attendance as the largest Junior College in California. Enrollment for the 1931-32 term was 2364, with 64 teachers on the staff. Students are registered from 37 counties in the state, from Del Norte and Modoc on the north to Riverside and San Bernardino in the south; from twelve other states; and from seven foreign countries, including India, Japan, China and Russia. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus, representing an investment of bond money totaling $600,000.

The beauty of its residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city. Several new residential districts have been created during the past year.

Sacramento's million dollar Memorial Auditorium, splendid hotel and restaurant accommodations and its metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Most remarkable of any feature of its development has been Sacramento's industrial growth.

The Southern Pacific shops in Sacramento are the second largest in the world. The Western Pacific has its main shops in Sacramento.

The principal industry is that of canning fresh fruits and vegetables. Sacramento's three canneries being the largest in California, and two of them the largest institutions of their kind in the world. The twenty canneries in Sacramento County produce annually 18% of the total output of the 309 canneries in California. The plant of the American Can Company is the largest and most modern of the can factories operated by that national concern, emphasizing Sacramento's position as the canning center of the state.

Sacramento has the only almond shelling plant in the world, and more than sixty-five per cent of the state's total almond output is handled here.

Flour and feed mills, slaughtering and meat-packing houses, rice and bean cleaners, clay, pipe and pottery works, lumber and box factories and similar institutions convert into manufactured products other raw material provided by the vast agricultural, timber and mineral wealth of the region.

Sacramento County is most fortunately situated with regard to transportation. Three great transcontinental railroad systems, the Southern Pacific, Western Pacific and Santa Fe, offer quick transportation to Eastern markets. Two interurban electric lines, the Sacramento Northern Railway and Central California Traction, supplement the steam roads.

The Sacramento River, ranking among the foremost in the nation in amount of tonnage carried and first in per ton value of cargo, offers rapid and cheap water transportation to San Francisco Bay and world markets. Palatial passenger steamers to San Francisco on daily schedule are operated by The River Lines.

Paved county highways supplement the main trunk lines of the great state highway system to every important center in the county, and stage lines radiate in every direction.

Transcontinental and coastwise air mail, express and passenger lines center at Sacramento's Municipal Airport.

Sacramento is the banking center of interior California, served by nine strong banking institutions, whose combined clearings totalled $165,144,331.59 in 1933, and whose total deposits amounted to $91,894,966.14 in 1932.

## *History*

HISTORICALLY, Sacramento is associated with three great epochal events in California's development.

The settlement established August 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and

marked the beginning of agricultural development that has made California third among the states of the Union in total value of its agricultural products.

The discovery of gold January 24, 1848, by James W. Marshall, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the great gold rush of '49 and '50 which so quickly populated the state that it was admitted to full-fledged statehood September 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1869 (the old Central Pacific, now Southern Pacific) was the first to link the West

AERIAL VIEW OF STATE CAPITOL

to the East with bands of steel, and from the viewpoint of lasting benefits, overshadows even Marshall's discovery.

Sacramento was incorporated in 1849 and chosen as Capital of California in 1854.

## *Sacramento County Farm Facts*

THE census of 1910 gave Sacramento County 1601 individual farms. In 1920 the number had grown to 2975 and in 1930 to 3882. This was an increase of 41% for the 20-year period, 1910-30.

Sacramento County produces, successfully and in large quantities, more than twenty varieties of fruits and nuts, and every known American vegetable. Some crop is in harvest every month of the year.

The following table shows the acreage planted to leading fruits and nuts in 1932: Almonds, 2206; apples, 162; apricots, 550; cherries, 818; figs, 293; grapefruit, 47; grapes, 14,767; lemons, 101; olives, 2277; oranges, 1439; peaches, 3079; pears, 9051; persimmons, 23; plums, 2113; prunes, 3005; walnuts, 1115.

Leading vetegables and the acreage planted in 1931: Asparagus, 58,700; beans, peas, pumpkin, radishes, etc., 3000; sugar beets, 2000; table beets, 100; cabbage, 200; cauliflower, 100; celery, 2430; cucumbers, 1500; lettuce, 900; onions, 750; spinach, 1900; tomatoes, 3000.

One of California's best opportunities for successful and profitable orange production

is offered in the beautiful foothill "thermal belt" which forms the eastern part of Sacramento County, embracing the districts of Fairoaks, Orangevale, Citrus Heights, Carmichael, Arcade and Folsom. Oranges have been grown for thirty years in this section, to prove beyond question the adaptability of its soil and climate. Fruit ripens weeks ahead of that in Southern California, to reach Thanksgiving and Christmas markets, avoiding danger of late-season frosts.

The region of which Sacramento is the metropolis and trading center—the twenty-one counties of Northern California—east of the Coast Range—produces 35% of California's total agricultural yield; 75% of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

## *Unequalled Diversification*

SACRAMENTO COUNTY, according to County Horticultural Commissioner A. E. Morrison, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year round prosperity.

Couples with rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California.

Sacramento County tops the list in several of the highly developed specialty crops:

ASPARAGUS—Canning 95% of the world's supply—
CELERY—Producing one-quarter California's total crop—
PEARS—Leads all other counties in the state—
SPINACH—Growing one-fifth California's total crop—
TOMATOES—Producing one-third the state total.

Sacramento County is the third largest poultry producing center in California. It offers ideal conditions for dairying and livestock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

## *The Sacramento Chamber of Commerce*

THIS ORGANIZATION is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. The Chamber is completely departmentalized, with Industrial, Agricultural, Tourist and Resort, Exhibit and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and Northern California. Arthur S. Dudley is Secretary-Manager. The Chamber occupies its own building at 917 Seventh Street.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOUR CITY DIRECTORY IS STANDARDIZED
Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**YOUR CITY DIRECTORY IS STANDARDIZED**

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

In line with the economic trend to standardize all generally used products, THE ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS has decided to make, and is now making, all city directories published by Association members conform to certain standards in regard to make-up, compilation and classified business headings which will simplify and facilitate their use.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

**YOUR CITY DIRECTORY IS STANDARDIZED**

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOUR CITY DIRECTORY IS STANDARDIZED
Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

YOUR CITY DIRECTORY IS STANDARDIZED
Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

# Contact Is the Basis of Civilization

By our contacts with others our ideas are broadened and fertilized. Your business, too, will react to the benefits to be derived from contacts made through the medium of your City Directory.

ATTORNEYS

Our research department will make a State search and furnish an affidavit, recognized and accepted by the Courts of California, on missing defendants, etc.

YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

## DIRECTORY OF HOUSEHOLDERS OCCUPANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES

INCLUDING A COMPLETE

## STREET AND AVENUE GUIDE

# 1934

COPYRIGHT, 1934, BY R. L. POLK & CO. OF CALIFORNIA

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenants. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

YOUR CITY DIRECTORY IS STANDARDIZED
Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

## A THUMB NAIL SKETCH OF NORTH SACRAMENTO

(By North Sacramento Chamber of Commerce)

SUBDIVIDED out of original Rancho Del Paso, or Haggin Grant, in 1910, and incorporated in 1924, North Sacramento has grown from a grain field to a town of over 5000 in 23 years.

The contiguous territory comprising the areas known as Hagginwood, Woodlake, Rio Linda, and Robla support a population in excess of 10,000.

Since incorporation approximately $300,000 has been expended in street improvement alone and this includes Del Paso Boulevard, 100 feet wide, traversing the central portion of the town. A modern, sanitary sewer system has been completed, connecting with every part of the town.

The North Sacramento School District comprises modern, well-equipped schools, being attended by more than 1500 children.

The spiritual needs of the community are cared for by four churches: Methodist, Nazarene, Roman Catholic and Bethel-Lutheran. The social life is represented by the Woman's Club, Rotary, Knights of Pythias, and the Masons. The North Sacramento Chamber of Commerce is, of course, representative of all, and has been the moving force behind all improvements and developments since before the incorporation of the town. It is equipped to supply complete and reliable information on all matters relating to the entire district.

One of the outstanding advantages of North Sacramento is its water supply. Pumped from deep wells it has shown a continuous record for purity surpassed only by the purest of high mountain springs.

Located between the converging lines of the Western Pacific and Southern Pacific and traversed by the Sacramento Northern Railroad, North

Sacramento offers the manufacturer the best sites for industrial enterprise in Northern California.

North Sacramento local traffic is served by the Sacramento Northern Railroad and the North Sacramento Stage Line which latter operates a schedule of forty-two round trips daily to and from Sacramento.

The volunteer fire department has twenty-five men under call.

North Sacramento is seven minutes from the center of Sacramento over a broad concrete highway, and is three miles from Del Paso Park, the 800-acre public park of the City of Sacramento, containing one of the finest municipal golf courses in California.

It has two newspapers of general circulation and the homeseeker will find modern well-stocked stores to satisfy every demand, and including a branch of one of the largest banking institutions in the City of Sacramento.

Has a first class hotel with free garage.

Has one of the largest apiaries in the State, doing a nation-wide business in bees, queens, honey, wax and bee supplies.

# *Advertising Service*

ADVERTISING is the business of telling the greatest number of persons the most interesting facts about any given subject at the lowest per capita cost.

That is all there is to the so-called "psychology of selling."

R. L. Polk & Co. of California is prepared to analyze any business problem and to recommend the most economical method of marketing the product or service that is for sale.

This service is free.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

# Contact Is the Basis of Civilization

By our contacts with others our ideas are broadened and fertilized. Your business, too, will react to the benefits to be derived from contacts made through the medium of your City Directory.

NOTICE TO ATTORNEYS

Our research department will make a State search and furnish an affidavit, recognized and accepted by the Courts of California, on missing defendants, etc.

# TITLE INSURANCE

**Foreclosure Reports** **Ownership Plats**
**Escrows**

**From a "Home Office" Title Insurance Company**

Fidelity Title Insurance Company is the only "Home Office" title insurance company in Sacramento or in the Sacramento Valley area. This company has an up-to-date title plant of the official records of Sacramento County and Sacramento City relating to real estate titles. This plant is one of the most modern in existence.

The office personnel has been thoroughly trained in the title and escrow business.

# TITLE INSURANCE AND ESCROWS

## OFFERING INTER-COUNTY SERVICE

*Realtors, Bankers, Attorneys, Loan Agents:*

You will find it convenient to place title orders and escrows on properties in "outside" counties here. Personal contact with our escrow department is a distinct advantage.

Sacramento City is the financial center of the Sacramento Valley, doing an ever increasing loan and real estate business throughout Northern California. It is our pleasure to act as a clearing house for this business.

We can be of real service too, because of our understanding of local title conditions and the methods of conducting business in the various county seats.

**YOUR CITY DIRECTORY IS STANDARDIZED**

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

## YOUR CITY DIRECTORY IS STANDARDIZED

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

EVERY STORE should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for.
The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

**YOUR CITY DIRECTORY IS STANDARDIZED**

Be it Kalamazoo or Baraboo, information arrangement is uniform. Sixteen gauge wire is identically the same size in Boston or Bellingham, railroad tracks are the same width in Connecticut and California; shoe sizes are standard whether made in Brockton or Stockton, and so on, ad infinitum.

# Contact Is the Basis of Civilization

By our contacts with others our ideas are broadened and fertilized. Your business, too, will react to the benefits to be derived from contacts made through the medium of your City Directory.

NOTICE TO ATTORNEYS

Our research department will make a State search and furnish an affidavit, recognized and accepted by the Courts of California, on missing defendants, etc.

# Common Sense

## ABOUT CITY DIRECTORY CIRCULATION

**The true value of advertising circulation is circulation consulted.**

**To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.**

**To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made.**

**For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—**

**1000 x 3½ x 305 ==**

**1,067,500**

**Consultations or Circulation Consulted**
